T & K Accounting

7521 Richmond Rd Ste G Williamsburg, VA 23188 kelly@t-kaccounting.com Phone: (757)345-6690 | Fax: (757)345-6691

Happy New Year! It's time to start gathering information for tax time.

There were not many changes this year. We have included a brief overview of the changes for 2023. Due to the increased cost of doing business, we find it necessary to increase our tax preparation services. The average increase will be 20% from the previous year.

The IRS has not annouced when they will start accepting returns. It is usually at the end of January and the state usually follows. We encourage you to get your information to us as soon as possible. Due to the additional time each return takes now and the various deadlines we have to set the following cutoff times:

1. Sub-S Corporations (Form 1120S) and Partnership (Form 1065) returns are due March 15th. Extensions will be filed on returns if information is received after February 15th.

These are flow through returns so if an extension is necessary - it will be necessary to file an individual extension as well.

2. Individual (Form 1040) and C-Corporation (Form 1120) returns are due April 15th. Extensions will be filed on returns if information is received after March 15th.

These dates are firm. An extension extends the due date for filing. It does not extend the due date for paying any tax that is due. An extension does not cause an audit. There could be other instances that an extension will need to be filed - that will be determined on a individual basis.

Please bring your signed engagement letter (if joint return need taxpayer and spouse) and all supporting documents, including W-2 and 1099 statements, to your tax-preparation appointment or when you drop off your information. Please include a updated copy of your driver's licenses (if joint return need taxpayer and spouse) with your documentation. A client portal is also available on our website that you can securely upload your documentation to us, www.t-kaccounting.com. We ask to please use your checklist of items enclosed to gather your information and make sure it is as complete as possible.

In the last few years we have experienced increased changes to tax returns by taxing authorities regarding inaccurate estimated tax payments claimed on the returns. In the majority of cases this has been due to receiving inaccurate information from the taxpayers. In an effort to eliminate these situations if you are a taxpayer that pays quarterly federal and/or state estimated tax, we will need documentation of these payments showing the dates and amounts paid. Examples would be cancelled checks, printout from IRS or state portals or online receipts.

We appreciate your continued business and confidence in us as your tax professionals. Contact our office at

(757)345-6690 if you have any questions or need additional information.	
Sincerely,	
Tom & Kelly Lusk

Engagement of Preparation of Your 2023 Tax Returns

We will prepare your 2023 federal and state income tax returns. We will depend on you to provide the information we need to prepare and complete accurate returns. We may ask you to clarify some items but will not audit or otherwise verify the data you submit. Use the Checklist and Questionaire to help you collect the data required for your return. This will help you avoid overlooking important information. By using it, you will contribute to the efficient preparation of your returns.

We will perform accounting services only as needed to prepare your tax returns. Our work will not include procedures to find defalcations or other irregularities. Accordingly, our engagement should not be relied upon to disclose errors, fraud, or other illegal acts, though it may be necessary for you to clarify some of the information you submit. We will inform you of any material errors, fraud, or other illegal acts we discover. Should we encounter instances of unclear tax law, or of potential conflicts in the interpretation of the law, we will outline the reasonable courses of action and the risks and consequences of each. We will ultimately adopt, on your behalf, the alternative you select.

Our fee is based on the time required at standard billing rates plus out-of-pocket expenses. **Invoices are due and payable upon presentation**. All accounts not paid within thirty (30) days are subject to interest charges to the extent permitted by state law.

We will return your original records to you at the end of this engagement. Store these records, along with all supporting documents, canceled checks, etc., in a secure location in case these items are needed later to prove accuracy and completeness of a return. We retain copies of your records and our work papers for your engagement for seven years, after which these documents will be destroyed.

Our engagement to prepare your 2023 tax returns will conclude with the delivery of the completed returns to you. Review all tax-return documents carefully before signing them.

To affirm that this letter correctly summarizes your understanding of the arrangements for this work, sign the enclosed copy of this letter in the space indicated and return it to us.

Thank you for the opportunity to be of service. If you have any questions, contact our office at (757)345-6690.

Accepted By:(Both spouses must sign for preparation of joint returns.)

What's New — Individuals

Tax Provision	New Law	Prior Law
	Income	Commence of the second
Health and Dependent Care Flexible Spending Arrangements	The new law allows employers to amend their health flexible spending arrangement or dependent care flexible spending arrangement so that any unused amounts remaining in the account at the end of the year for the plan year ending in 2020 may be carried over to the plan year ending in 2021. For plan years ending in 2021, any unused amounts remaining in the account at the end of the year may be carried over to the plan year ending in 2022. Thus, the carryover under this new law is not limited to \$500. The new law also extends the grace period for using carryover amounts from 2½ months to up to 12 months after the end of plan year.	Health and dependent care flexible spending arrangements allow employees to elect to make pre-tax contributions to a plan that can later be used to reimburse medical expenses or child and dependent care expenses on a tax-free basis. Amounts remaining in the account at the end of the year are generally forfeited, unless the plan permits a grace period of up to 2½ months that allows up to \$500 of any unused year-end balance to pay for qualified expenses incurred during the grace period.
Jnemployment Benefits	Effective for the 2021 tax year and beyond, unemployment benefits are fully taxable.	Effective for the 2020 tax year only, the first \$10,200 of unemployment compensation is excluded from taxable income. In the case of a joint return, the \$10,200 exclusion applies to unemployment compensation received by each spouse. The exclusion does not apply if modified AGI is \$150,000 or more.
ntrans of Wi	Deductions	ar 7 - The without of fines all table
Charitable Contributions	Effective for 2022, taxpayers must itemize to deduct charitable contributions. The Tax Cuts and Jobs Act (TCJA) increased the 50% AGI limitation to 60% for cash contributions. Effective for 2026, the 60% AGI limit goes back to 50%.	Effective for 2021, up to \$300 (\$600 MFJ) of qualified charitable contributions are deductible for taxpayers who do not itemize.
	Credits	and the confidence of the conf
Earned Income Credit	Effective for 2022, a taxpayer with no qualifying children has to be at least age 25 and under age 65 to qualify for the EIC.	Effective for the 2021 tax year only, for taxpayers with no qualifying children, the applicable minimum age is 19 (age 24 for specified students and age 18 for qualified former foster youth or qualified homeless youth). The under age 65 rule did not apply. The phaseout percentage and phase-out amounts were also increased.
Child Tax Credit	Effective for 2022, the Child Tax Credit is \$2,000 per qualifying child, of which \$1,500 is refundable. A qualifying child is a dependent child who has not yet attained the age of 17 as of the close of the calendar year. The credit begins to phase-out when AGI exceeds \$400,000 for a MFJ return and \$200,000 for all others.	Effective for the 2021 tax year only, the Child Tax Credit is \$3,000 per qualifying child who has not yet attained the age of 18 as of the close of the calendar year, and \$3,600 per qualifying child who has not yet attained the age of 6 as of the close of the calendar year. The full amount of the Child Tax Credit is refundable. The increased portion of the credit begins to phase-out when AGI exceeds \$150,000 for MFJ and QSS, \$112,500 for HOH, and \$75,000 for Single and MFS. After the phase-out of the increased credit, the remaining credit begins to phase-out when AGI exceeds \$400,000 for a MFJ return and \$200,000 for all others. The IRS also paid up to 50% of the credit to taxpayers in the form of monthly advance payments during the second half of 2021.
Dependent Care Credit and Exclusion	Effective for 2022, the dependent care expense limitation is \$3,000 for one child and \$6,000 for two or more children. The credit is not a refundable credit. The credit equals a percentage of dependent care expenses ranging from 35% for taxpayers with AGI not over \$15,000, down to 20% for taxpayers with AGI over \$43,000, with every percentage in between. Under the dependent care assistance program, employees can exclude up to \$5,000 (\$2,500 MFS) of employer benefits used to pay for the same expenses that generally would otherwise qualify for the dependent care expense credit.	Effective for the 2021 tax year only, the dependent care expense limitation is \$8,000 for one child and \$16,000 for two or more children. The credit is fully refundable. The credit equals 50% of dependent care expenses for taxpayers with AGI not over \$125,000. The credit percentage begins to phase-out for taxpayers with AGI above \$125,000. Under the dependent care assistance program, employees can exclude up to \$10,500 (\$5,250 MFS) of employer benefits used to pay for the same expenses that generally would otherwise qualify for the dependent care expense credit.
Premium Tax Credit	Effective for 2021 through 2025, the percentages used to calculate the PTC are reduced to zero for taxpayers below 200% of the federal poverty line, and up to 8.5% for those above 400% of the federal poverty line. A taxpayer with an applicable percentage of zero means the taxpayer qualifies for 100% of his/her health insurance premiums to be subsidized.	The Premium Tax Credit (PTC) is a refundable credit designed to subsidize the cost of health insurance. The PTC amount is determined based on the percentage of income the cost of premiums represents, ranging from 2% of income for those below 133% of the federal poverty line to 9.5% of income for those at 400% of the federal poverty line. Taxpayers with income above 400% of the federal poverty line do not qualify for the PTC.

Energy Efficient Home Improvement Credit	Effective for 2023, the nonbusiness energy property credit is renamed the energy efficient home improvement credit. The credit is increased to 30% of the cost of improvements made, and replaces the lifetime limitations to the following annual limitations. 1) In general, the combined credit for all energy efficient home improvements is limited to \$1,200 per year, except for (5) below. 2) The credit for residential energy property expenditures is limited to \$600 per year. 3) The credit for windows is limited to \$600 in the aggregate for all exterior windows and skylights. 4) The credit for doors is limited to \$250 per year for any exterior door, and \$500 in the aggregate for all exterior doors. 5) Notwithstanding paragraphs (1) and (2) above, the credit allowed for heat pumps and heat pump water heaters, biomass stoves and boilers is limited to \$2,000 per year. 6) The credit for energy audits is limited to \$150 per year. Qualified energy efficiency improvements include energy efficient insulation, exterior windows, skylights, and exterior doors that meet various energy standard requirements. The new law removes roofs from the definition of building envelope components, but adds air sealing insulation to the definition of insulation material or system which reduces the heat loss or heat gain of a dwelling unit.	The nonbusiness energy property credit is for energy efficient improvements made to the principal residence of the taxpayer. The credit does not apply for new construction. The credit equals: • 10% of the cost of exterior windows, including skylights, up to a credit limit of \$200, • 10% of the cost of exterior doors, insulation and/or systems which reduce heat gain or loss, • Up to \$300 of the cost of heat pumps, central air conditioners, and water heaters, • Up to \$150 of the cost of natural gas, propane, or oil furnaces or hot water boilers, and • Up to \$50 of the cost for qualified advanced main air-circulating fans. A total lifetime combined credit limit of \$500 (including a \$200 lifetime limit for windows) applies for all tax years after 2005. The nonbusiness energy property credit was set to expire for tax years after 2021.
Residential Clean Energy Credit	The Residential Energy Efficient Property Credit is renamed the Residential Clean Energy Credit, with the applicable percentages being modified as follows. 1) In the case of property placed in service after December 31, 2016, and before January 1, 2020, 30%, 2) In the case of property placed in service after December 31, 2019, and before January 1, 2022, 26%, 3) In the case of property placed in service after December 31, 2021, and before January 1, 2033, 30%, 4) In the case of property placed in service after December 31, 2032, and before January 1, 2034, 26%, and 5) In the case of property placed in service after December 31, 2033, and before January 1, 2035, 22%. The new law replaces qualified biomass fuel property expenditures with qualified battery storage technology expenditures.	The residential energy efficient property credit equals the sum of the applicable percentages of: 1) The qualified solar electric property expenditures, 2) The qualified solar water heating property expenditures, 3) The qualified fuel cell property expenditures, 4) The qualified small wind energy property expenditures, 5) The qualified geothermal heat pump property expenditures, and 6) The qualified biomass fuel property expenditures, that are made by the taxpayer during the year. Applicable percentages mean: 1) In the case of property placed in service after December 31, 2016, and before January 1, 2020, 30%, 2) In the case of property placed in service after December 31, 2019, and before January 1, 2023, 26%, and 3) In the case of property placed in service after December 31, 2022, and before January 1, 2024, 22%.
Clean Vehicle Credit	The new law eliminates the phase-out rules when a manufacturer reaches its 200,000th sale and replaces it with an expiration of the credit for all vehicles placed in service after 2032. Final assembly of the vehicle must occur within North America. In addition to qualified electric vehicles, the credit also applies to qualified fuel cell motor vehicles. No credit is allowed if the taxpayer's modified AGI for the tax year or the preceding tax year exceeds: \$300,000 for MFJ or QSS. \$225,000 for HOH. \$150,000 for Single or MFS. No credit is allowed if the manufacturer's suggested retail price exceeds: \$80,000 in the case of a van, \$80,000 in the case of a sport utility vehicle, \$80,000 in the case of any other vehicle. The new law also provides for a reduced credit for the purchase of a previously-owned clean vehicle.	A taxpayer is allowed a nonrefundable tax credit for the purchase of a new qualified plug-in electric drive motor vehicle placed in service during the year. The base amount of the credit is \$2,500. This amount is increased by \$417 for each kilowatt hour of battery capacity that exceeds 5 kilowatt hours, not to exceed \$5,000. Thus the maximum credit allowed is \$7,500. The credit phases out when the manufacturer sells at least 200,000 qualifying vehicles.
